9.1 CONDUCT TO AND FROM SCHOOL AND TRANSPORTATION ELIGIBILITY

- The Marmaduke School District may provide bus transportation to any student currently enrolled in the Marmaduke School District.
- Buses must be routed to provide the best service for most of the pupils, but routing will also take in effect economic and safety considerations.
- Bus transportation is a privilege, not a right. Transportation may be denied anyone whose conduct becomes unsatisfactory. This is necessary for the safety of the other students riding the bus.
- Students are subject to the same rules of conduct while traveling to and from school as they are while on school grounds. Appropriate disciplinary actions may be taken against commuting students who violate student code of conduct rules.
- The preceding paragraph also applies to student conduct while on school buses. Students shall be instructed in safe riding practices. The driver of a school bus shall not operate the school bus until every passenger is seated.
- Disciplinary measures for problems related to bus behavior shall include suspension or expulsion from school, or suspending or terminating the student's bus transportation privileges. Transporting students to and from school who have lost their bus transportation privileges shall become the responsibility of the student's parent or legal guardian.
- Students should be on time at the designated school bus stops and should wait until the bus comes to a complete stop before attempting to enter.
- The school's jurisdiction starts when the bus comes within view of the students in the morning and ends when the students are no longer in the view of the driver in the afternoon. During this time all regular school rules apply.
- If students are required to cross the road when exiting the bus, they are to cross in front of the bus while it is stopped.
- Students who misbehave on the bus will be written up by the driver. The discipline referrals will be sent to the principals' offices.
- If a student receives three discipline referrals, he/she will be suspended from the bus for five days. If a student receives three additional referrals during the semester, he/she will be suspended from the bus for the remainder of the semester. If the misbehavior is severe enough, the student can and will be suspended from the bus immediately without receiving any referrals.

While on the bus, students should

- Follow the directions of the bus driver,
- Never tamper with the bus,
- Not leave books, lunches, or other articles on the bus,
- Not throw anything inside or outside of the bus,
- Stay in their seats while the bus is in motion, Not extend any part of the body out of the bus,
- Not possess or use tobacco products of any kind,

- Be courteous to fellow pupils and the bus driver,
- Be orderly on the bus with the driver and the bus patrols in control,
- Be absolutely quiet when approaching a railroad crossing.
- Not stop at the mailbox after getting off of the bus.

Students who disobey transportation rules may be subjected to the same consequences as outlined in rules 1 through 40 of the student handbook.

No child under the age of three (3) may ride a school bus.

9.2 Bus Routes:

It shall be the duty of the administrative staff to route the buses and assign bus drivers to routes to provide the best service for the greatest number of students. Routes and driver assignments shall be planned to provide the most economical operation of buses with distances and road conditions being the major criteria for economical routing. Every attempt will be made to get as close to each child's home as road conditions and time will permit.

The school officials, not the driver, shall have the responsibility of establishing bus stops. Where there are two (2) or more families living within a given area, stops shall be so designated whereby pupils shall be at the designated point for the bus pickup.

Factors such as visibility and traffic amounts are to be considered when planning stops.

A route will not be changed in any manner unless the change is approved by the transportation director. The only exception to this could be dangerous roads or detours.
