

Marmaduke School District

Dyslexia Information

Student Data

During the 2017-18 school year, Marmaduke School served a total of 4 students showing characteristics of Dyslexia. All of these students were placed in an approved intervention program.

Universal Screening

Marmaduke School District currently uses a combination of DIBELS (Dynamic Indicators of Basic Early Literacy Skills) and AR-RAN (Arkansas Rapid Automatized Naming Screener) for such screenings.

Dyslexia Program

Marmaduke School District uses the Barton Reading and Spelling System for interventions.
