Dear Parent/Guardian:

The Marmaduke School District is pleased to offer an online meal payment service, through EZSchoolPay.com, which will give you the opportunity to use the following features:

- Add payments to your child's meal account using Visa, MasterCard or Discover
- View your child's daily meal transactions
- View your child's account balance
- Receive email reminder when your child's meal account balance is low
- Download the **EZSchoolPay App** for your smart phone

EZSchoolPay.com is a safe and convenient way to add payments to your child's meal account. Payments may be added any time, day or night, using Visa, MasterCard or Discover. Online meal payments are automatically added to the meal point of service system, typically within minutes. When paying online, the credit card companies charge a fee to process the transaction. The school district must recover these costs by charging a convenience fee. The fee is \$3.00 per transaction. If you do not wish to pay the convenience fee, you may still send a check or cash to school. I encourage you to set up an account even if you do not wish to make online payments. You may view student meal transactions, view account balances and set up a low balance email reminder free of charge.

By visiting www.EZSchoolPay.com, you can quickly create an account. After the account is created, simply link your children to the account. To link, you must provide the following information:

- Marmaduke Zip Code: **72443**
- Child's Name:
- Child's ID Number:

After linking your children, you are ready to use all features of EZSchoolPay.com. If you have any questions or need assistance in creating an account, please feel free to contact me at 870-597-2723 or email cjackson@msd.gaggle.net.

Sincerely,
Chadisty Jackson
Child Nutrition Director
